

Washington Street PROPERTIES

Thank you for your interest in commercial space with Washington Street Properties. It is our hope that our well-maintained properties and friendly management staff made you feel comfortable with a move to one of our Properties.

Founded by Brian Murray in 2007, Washington Street Properties has experienced tremendous growth and success through a value-added approach, focusing on the renovation and turnaround of under-performing, strategically located apartments and commercial real estate assets. With a focus on our core values of integrity, excellence, value, and innovation, Washington Street Properties now owns and operates a large portfolio of assets, including apartments, office buildings, retail centers, and mixed-use properties.

We pride ourselves on our ability to maintain reputable properties with a close relationship to our tenants, and our management team works diligently with maintenance to ensure that our properties are well taken care of. We focus on a sense of place, and establish the economic building blocks for our growing communities to thrive.

Let us provide the home for you and your organization to prosper. You deserve the best space to meet your needs- to be your most successful and focus on what is important. That is where we come in, to help you establish your own urban identity. We look forward to seeing you soon!

Sincerely,

The Management Team
